New student computing intro

- Next Monday 3/13/17 at 4 pm Room 2314 Chamberlin

- Try to ssh in on your own beforehand

- We'll try to go over the basics of root and rootpy

- Anything else we should cover?

Running BACCARAT

- Ran test Sims in latest version of BACCARAT (1.0.0)
- Will modify scripts to look for Gamma-X events
- Currently using simple rootpy analysis
- Plan to emulate Bhawna's Gamma-X study

S1 vs. S2 from the BACCARAT test macro
