

Structure Function Working Group

Friday, April 29, 2005

Session 6: New Approach to SFs and PDFs - Lecture Hall (9:00 AM - 10:40 AM)

time	[id] title	presenter
9:00 AM	[29] Nuclear structure functions in effective field theory	WILLIAM DETMOLD
9:20 AM	[28] Factorization and even generators	XIAOMIN ZU
9:40 AM	[30] Understanding parton distributions from lattice QCD	DRU RENNER
10:05 AM	[27] Quark asymmetries in the proton from a model for parton densities	JOHAN ALWALL
10:20 AM	[31] Quark imaging in the proton via quantum phase space distributions	ANDREI BELITSKY
