Track Charge Vs Track Z error

NO MPI SAMPLE   DATA
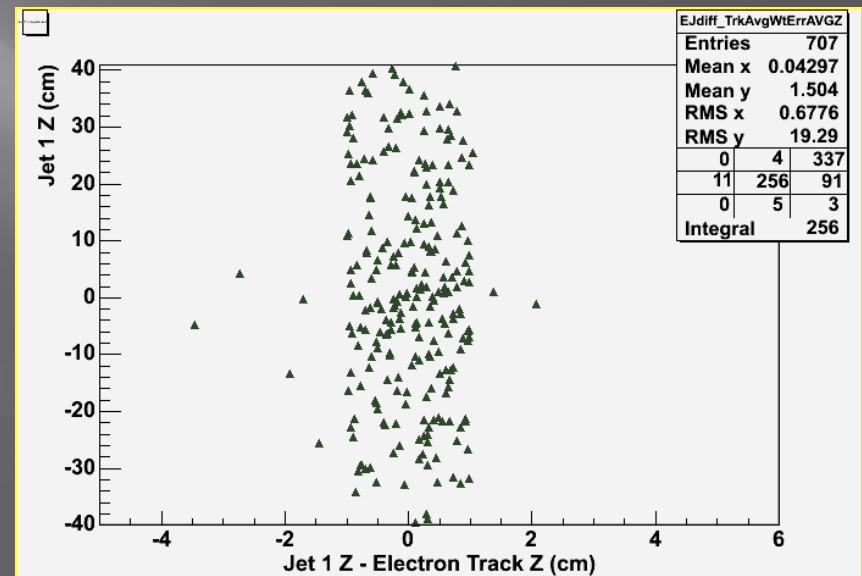

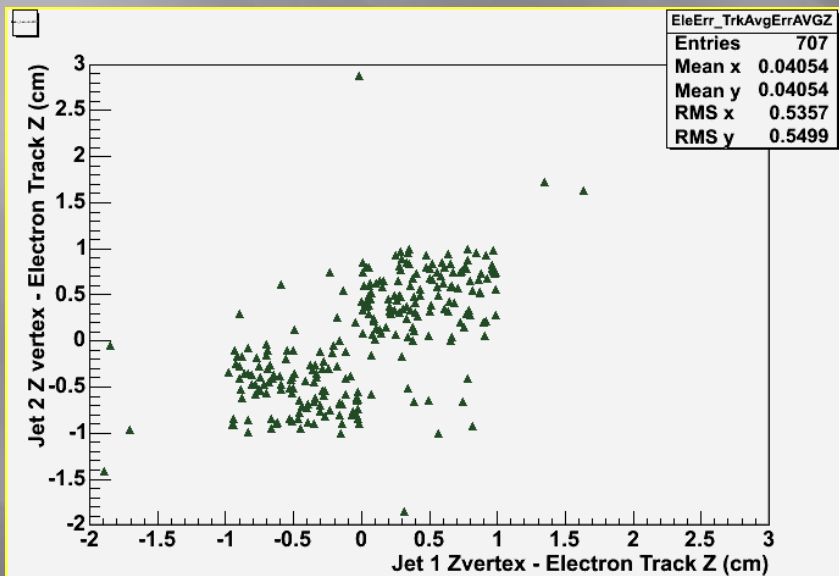

Delta Z Plots

NO MPI SAMPLE   NO MPI SAMPLE

1. Only Track Algorithm # 11 has been used for the Jet Z vertex Calculation
2. Different Track # 11 multplicities has been included
3. Electron Track also restricted to Track Algorithm # 11

Conclusions

- Stick to only Track algorithm 11
- Will separate the Jets based on the Track 11 multiplicity
