Collider searches - 121 (4:30 PM - 6:30 PM)

time	[id] title	presenter
4:30 P	[07] Searches for new physics with photons at CDF	Dr PRANKO, Aliaksandr
4:50 P	[09] Transverse momentum distributions of a Higgs boson and a bottom quark	Dr FIELD, Bryan
5:10 P	[03] Collider implications of a non-universal Higgs	Prof. NANDI, Satya
5:30 P	[01] Searching for a hidden sector Higgs boson at the LHC	Ms CUI, Yanou
5:50 P	[04] The effect of two-photon-decay suppression on light Higgs detection prospects	Mr THOMAS, Brooks
6:10 P	[06] Across the time dimension in search of dark matter at CDF	Dr GONCHAROV, Max
