

SLAC Activities Update

University of Wisconsin

Shaun Alsum

LZ Madison Group Meeting

June 29

WISCONSIN
UNIVERSITY OF WISCONSIN-MADISON

Whole Week

- Drilled Holes for, and helped mount the Circulation panel (Monday)
- Designed and built addition to the trellis (Wednesday)
- Ran copper tubing from Thermosyphon panel to thermosyphon (whole week)

Associated Photos

Top Left: Straight portions of tubing done

Bottom Left: Overlook of the whole area. In the rear left of this picture is the (mounted) circulation panel. In the rear center is the new section of Trellis.

Bottom Right: A few of the termination points on the Thermosyphon for the tubing.
