

SLAC Activities Update

University of Wisconsin

Shaun Alsum

LZ Madison Group Meeting

September 14

WISCONSIN
UNIVERSITY OF WISCONSIN-MADISON

- Finished running all the cables from the plc to feedthroughs to vacuum space.
 - Still connecting individual wires to the plc and labeling.
 - Still need to test those being wired.
- Ran cables down through feedthroughs into the vacuum and Xenon spaces.
- Placed and tightened conflats tree on top of the coffin
- Lowered the coffin back down into the hut.
